

Manufacturer of the  
World's Only High-Definition  
Articulating Mowers

## TURF/COMMERCIAL MODEL 100EFK

**The Model 100EFK delivers amazing productivity at a price point that is a fraction of other options available on the market.**

Since Lastec's introduction of articulating rotary mowers in 1990, the turf industry hasn't had to accept the turf damage caused by wide area decks. Lastec Articulators all cut with the quality of a small push mower no matter how wide you need to cut. The Model 100EFK is no exception, delivering a 100" (254 cm) wide cut with the accuracy of five 21" (533.4 mm) push mowers.

Manufacturer of the  
World's Only High-Definition  
Articulating Mowers

# TURF/COMMERCIAL MODEL 100EFK

The spindles are removable with 3 bearings and trash guards for longer life

All decks are constructed from 1/8 (3 mm) plate with 1/4 x 3/4 (6.35 mm x 19 mm) solid steel bar leading edges

21 (533.4 mm) decks are the smallest in the industry for greater accuracy

Lastec patented belt drives are 5 times more efficient and lower cost to maintain than competitor's hydraulic drives

9 (228.6 mm) gauge wheels are closer to the decks than any competitive mowers making them far more accurate

Each deck is gauged by equally spaced points that allow them to float to any contour

A V-deck design configuration features discharge baffling that evenly distributes grass in the heaviest cutting conditions

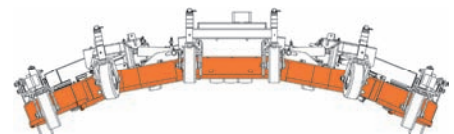

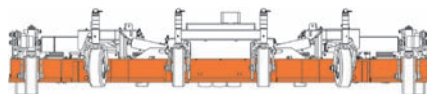

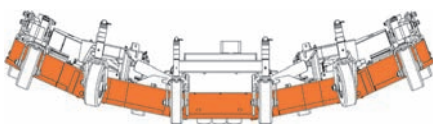

Wheel hubs utilize tapered automotive roller bearings for long life

Gauge wheels are located outside to allow closer precision when trimming

Outer two decks fold hydraulically to 78 (198.12 cm) for ease of transport

All tires are semi-solid to eliminate flats

## Quality Rotary Mowers for a World that isn't Flat

### 100EFK SPECIFICATIONS\*

- Tractor Requirements: Minimum 35 hp (26.1 kW) PTO  
F3680 Kubota
- Cutting Width: 100 (254 cm)
- Transport Width: 78 (198.12 cm)
- Deck Configuration: Five 21 (533.4 mm), 5 1/2 (139.7 mm) deep articulating
- Deck Height Range: 1 to 4 3/4 (25.4 mm x 120.65 mm)
- Overall Weight: 790 lbs (358.33 kg)
- Warranty: Two years parts, one year labor

Raises and folds to 78 (198.12 cm)
